WARRANTY CORPORATION

Protect Yourself From Mechanical Breakdowns

LET US HELP PROTECT YOU FROM FUTURE VEHICLE REPAIR COSTS

When buying any vehicle, there is always a chance of having a mechanical breakdown. Mechanical breakdowns can be very expensive to repair. With a vehicle service contract from Vision Warranty Corporation, you can add protection against the unexpected high cost of vehicle repairs, in some cases eliminating the cost altogether.

Wear and Tear Coverage

All plans cover ordinary wear that exceeds the manufacturer's published tolerances on covered components.

One Deductible Per Visit

Regardless of the number of components repaired, only one deductible is paid per visit.

BENEFITS INCLUDED IN ALL PLANS

Roadside Assistance Services Including:

- 1) TOWING / WRECKER SERVICE
- 2) GASOLINE DELIVERY
- 3) FLAT TIRE CHANGE
- 4) BATTERY-JUMP SERVICE
- 5) LOCKOUT SERVICES
- 6) CONCIERGE SERVICES

Rental Car Reimbursement: Payments are limited to the actual rental cost not to exceed thirty-five dollars (\$35) per day, not to exceed seven (7) days.

Trip Interruption: Reimbursement for meals and lodging when a covered failure occurs more than 100 miles from home not to exceed one hundred dollars (\$100) per day, not to exceed three (3) days.

Manufacturer's Deductible Reimbursement: If a part is replaced under the manufacturer's warranty and that same part is covered under this contract, we will pay the deductible that the manufacturer charged up to a \$100.00 maximum.

LEVEL.1 ONE Coverage is our drivetrain coverage for high mileage vehicles. It covers the vehicle's most important and expensive components – the Engine, the Transmission, and the Drive Axle.

(Covers the Items Listed in 1-3)

1) Engine: Cylinder block, cylinder head and all internally lubricated parts; intake manifold, exhaust manifolds without internal catalytic converter; water pump, harmonic balancer and its bolt and pulley; valve covers, timing cover, timing belt and tensioner, timing chain, and gears; oil pump cover, gears, pressure relief valve, pickup and screen; oil pan, internal fasteners, engine mounts, flywheel, turbo/supercharger and waste gate; seals and gaskets for listed parts.

2) Transmission: Transmission/transaxle case and all internally lubricated parts; extension housing, transfer case and all internally lubricated parts; torque converter, valve body, transmission pan, viscous coupler, shift linkage, bell housing, electronic shift control unit and solenoids; flex plate, ring gear, transmission mounts; seals and gaskets for listed parts.

3) Drive Axle: Differential housing and all internally lubricated parts; differential cover, front and rear wheel drive axle shafts; constant velocity joints and boots, universal joints, four wheel drive engagement actuator, four wheel drive locking hubs, drive shafts, center support and bearings; drive shaft yokes; seals and gaskets for listed parts.

See the service contract for complete information regarding coverage.

LEVEL.2TWO Coverage *is a more comprehensive plan which not only covers the vehicle drivetrain, but also covers the additional items listed.*

(Covers the Items Listed in 1-9)

1) Engine: Cylinder block, cylinder head and all internally lubricated parts; intake manifold, exhaust manifolds without internal catalytic converter; water pump, harmonic balancer and its bolt and pulley; valve covers, timing cover, timing belt and tensioner, timing chain, and gears; oil pump cover, gears, pressure relief valve, pickup and screen; oil pan, internal fasteners, engine mounts, flywheel, turbo/supercharger and waste gate; seals and gaskets for listed parts.

2) Transmission: Transmission/transaxle case and all internally lubricated parts; extension housing, transfer case and all internally lubricated parts; torque converter, valve body, transmission pan, viscous coupler, shift linkage, bell housing, electronic shift control unit and solenoids; flex plate, ring gear, transmission mounts; seals and gaskets for listed parts.

3) Drive Axle: Differential housing and all internally lubricated parts; differential cover, front and rear wheel drive axle shafts; constant velocity joints and boots, universal joints, four wheel drive engagement actuator, four wheel drive locking hubs, drive shafts, center support and bearings; drive shaft yokes; seals and gaskets for listed parts.

4) Brakes (ABS and Non ABS): Master cylinder, wheel cylinders, vacuum and hydraulic brake boosters, metal hydraulic lines and fittings, calipers, backing plates and hardware, proportioning and combination valves, brake pedal assembly, electronic brake control unit, wheel speed sensors, pressure modulator control/isolation dump valves, high pressure hydraulic pump, solenoids, accumulator; seals and gaskets for listed parts.

5) Air Conditioner: Condenser, compressor, evaporator, expansion valve, orifice tube, clutch, coil and pulley; idler pulley and bearing; receiver dryer, o-rings, oil and refrigerant (when required with a covered repair due to leaks); manual climate control head, hi-low pressure cut off / cycling switch, A/C hoses and lines; seals and gaskets for listed parts.

6) Steering: Steering gear housing and internal parts; power steering pump, its internal parts and reservoir; rack and pinion housing and internal parts; power steering hoses, steering column shaft, couplings and bearings; pitman arm, idler arm, tie rod ends, center link; seals and gaskets for listed parts.

7) Suspension: Upper and lower control arms, shafts and bushings; stabilizer bars, bushings and links; torsion bars and their mounts and bushings, radius arms and bushings, strut bars and their links and bushings; spindle, spindle support and steering knuckle; ball joints; seals and gaskets for listed parts.

8) Fuel: Fuel pump (mechanical or electrical), fuel pump relay, fuel distribution rails, fuel level sending unit, lift pump; seals and gaskets for listed parts.

9) Electrical: Alternator, voltage regulator, starter motor and solenoid; front and rear wiper motors; wiper motor relays and delay switch/module; washer pumps and switches; back up light switch, stop lamp switch, neutral safety switch, glove box light switch, courtesy light and door jamb switches, ignition switch, ignition lock cylinder and any electrical switch that is physically touched by a vehicle occupant to activate an accessory.

See the service contract for complete information regarding coverage.

LEVEL.3THREE / LEVEL.3THREE WRAP

This plan covers all items listed in LEVEL.1ONE and LEVEL.2TWO, along with all other parts on the vehicle EXCEPT those listed in the section labeled “EXCLUSIONS” in the service contract.

Examples of parts that are not covered under this plan are: tires, wheels, shocks, brake shoes or pads, rotors or drums, accessory drive belt, exhaust pipes, catalytic converter, mufflers and resonators, pressure plate, clutch disc, pilot bearing, throw-out bearing, clutch engagement arm and pivot, spark plugs, distributor cap, body parts, interior trim parts or fabric, glass, paint, or frame. Any part that is considered regular maintenance is not covered. For a complete list of EXCLUSIONS, see the service contract.

See the service contract for complete information regarding coverage.

OPTIONAL COVERAGES

Total Loss Refund: If this option is selected and paid for by the contract holder, the contract holder will be refunded the full purchase price of the contract if the vehicle is deemed a total loss by the primary automobile insurance provider due to collision or acts of God, during the term of the contract. Maximum refund amount cannot exceed the purchase price of the contract, with a maximum limit of liability of \$2,000 or the current NADA Loan Value of the vehicle, whichever is less. Proof of total loss must be submitted to the Administrator with the cancellation request paperwork.

OPTIONAL COVERAGES

Commercial Use: The Commercial Use surcharge must be selected for the vehicle to be covered if the vehicle is intended for commercial use by a single driver during the execution of business and meets any of the following criteria: the vehicle is registered to a business, or has advertising signage permanently displayed on the exterior, or has commercial plates.

Snow Plow: The Snow Plow surcharge must be selected for the vehicle to be covered if the vehicle is equipped with a snow plow at the time of vehicle purchase. The snow plow must meet the manufacturer's recommendations for the vehicle on which it is installed. The snow plow and all of its assembly are excluded from coverage.

Lift Kit/Tire Modifications: The Lift Kit/Tire Modifications surcharge must be selected for the vehicle to be covered if the vehicle is equipped with oversized tires or body or suspension lifts at the time of vehicle purchase. The lift kit/tire modifications and all of their assemblies that are in addition to factory installed parts are excluded from coverage. The maximum increase for a body/suspension lift combined cannot exceed six (6) inches. The maximum tire height modification allowed is four (4) inches larger than the manufacturer specifications. Tires considered as aggressive off-road tires are specifically excluded. In order for the vehicle to be eligible for coverage, the odometer must be recalibrated to reflect the true mileage due to the modification, and the cost of such recalibration is excluded from coverage. Any modification that voids the original manufacturer warranty will also void the coverage provided under this contract. See the service contract for complete information regarding coverage.

CLAIM PAYMENT

Claims payments are made directly to the repair facility via corporate credit card.
